

Flanagan-Cornell Booster Club

202 E. Falcon Hwy, Flanagan, IL 61740

June 17, 2011

Dear Business Member:

The Flanagan - Cornell Athletic Booster Club is looking for sponsors for the 2011-12 season. Details of sponsorship levels are attached. During the 2010-11 sports season, the Booster Club was able to provide equipment for various sports teams, team meals and also help pay for summer camp programs. We were also active in supporting school spirit among athletes, coaches and the community.

We need your help to continue supporting our sports programs and school! The Booster Club has committed this year to help pay for new gym padding in the West gym, as well as continue to support our athletes and coaches! At our last meeting, we set a fundraising goal for \$10,000 so we can meet our needs during the upcoming school year and help fund this major project that will help all of our athletes and kids at our school!

Please consider being a sponsor for the 2011-12 school year. Please let me know if you have any questions, ideas or comments. We would love to have your sponsorship and support for the upcoming season!

Thank you for your consideration.

Sincerely,

Jill Harrison
